Dear Sergej Metzker:

The Performance Review Institute (PRI - a wholly owned affiliate company of SAE International) has received and reviewed your application for a reblend qualification of PRI GL 0996 as **ROLF Transmission S9 AGE 75W-90**, SAE 75W-90 against the SAE J2360 standard. The following is an outcome of that review.

Your application was found acceptable and you have been granted PRI QPL Number:

PRI GL 1020

Enclosed are the approved production tolerances for the finished blend.

The review of this application does not constitute an approval or certification by SAE and statements to such effect are not to be used in the marketing of this product. This does constitute an approval by PRI and you will be listed on PRI's Qualified Products List. This qualification will expire on **October 31, 2023**.

It should be noted that The Performance Review Institute has not tested this product. Publication on the PRI Qualified Products List only verifies that the Gear Oil Formulation, as represented by the data presented, has demonstrated its ability to meet the established test criteria.

Should you have any additional questions, please call my office.

Sincerely,

Wendy L. Grubbs
QPL Development Coordinator
